FOREVER SEARCHING

"No rules, no boundaries and no hesitation. The freedom of the ocean is our ultimate inspiration."

Just as the tides ebb and flow, everchanging and beautiful, hiding an ultimate beauty beneath their restless waves - winemakers too must continuously move and evolve, facing each challenge on the path to uncovering perfection. And like the changing tides, no wine is ever the same - each one its own tale of wonder.

THE VINTAGE | 2020

Though a devastating start to the season in the Adelaide Hills, which suffered extensive bushfire, losing a third of its wine producing area, the fruit that was spared was of high quality.

Below average rainfall, and warm conditions during spring/early Summer reduced vigour in the vines and saw small berries produced. There was also low berry due to high winds and unsettled weather experienced during flowering in late November.

Although growing conditions were challenging & saw overall harvest volume down, the quality of fruit produced in 2020 is exceptional.
